SANITARY INSPECTORS ARE TAKING CENSUS OF CITY

TWO EXTRA INSPECTORS HAVE BEEN ADDED BY CITY HEALTH OFFICER PRYOR—EXPECTED THAT POPULATION WILL REACH 28,000.

The census of the city is now being taken by the sanitary inspectors of the city, under the direction of City Health Officer O. M. Pryor. The work is well under way and is being done in a systematic manner. The health officer believes that the census of the entire city will be taken within the course of six weeks, if not within a shorter time.

Two extra inspectors have been added to the force, and the regular men are being used in this work. In addition to taking the census the health officer is also having the inspectors make a thorough inspection of all premises in the city, and when the work is completed the exact sanitary condition of the city will be known. The two extra inspectors being used are J. A. Daw and J. O'Donovan, both of whom are familiar with every section of the city, and will consequently be in a position to render good service to the city. Not only is the census being taken, but much other information is being secured. Blanks have been provided and upon these many matters dealing with the health of the city will be tabulated, among which is the source of water supply, number of the house, condition of the premises, location, etc.

Mr. Pryor stated yesterday afternoon that he was confident that the population of Pensacola would reach at least 28,000 if it did not exceed this number. He is having a book printed in which will be tabulated all of the information secured by the inspectors.

LUCKY FLORIDA HOTEL CLERK

PALM BEACH MAN MARRIED TO DAUGHTER OF MILLIONAIRE MANUFACTURER AT HOT SPRINGS.

By Associated Press.
Chicago, April 7.—A dispatch to the Inter-Ocean from Hot Springs, Ark., says:
Miss Pearl M. White, daughter of W. D. White, the millionaire manufacturer of Cleveland, and former congressman, has been secretly married here at St. Luke's church to James T. Bancroft, who three weeks ago was a clerk behind the desk of one of the prominent hotels of Palm Beach, Fla. The wedding was the culmination of a romance which started with love at first sight. Bancroft gave up his position on the second day after meeting Miss White. His home is in Brookline, Mass., and he is 25 years of age. His parents are poor. The couple have left for the bride's home.

EPIDEMIC IS GROWING WORSE

SEVENTEEN DEATHS FROM MENINGITIS REPORTED IN NEW YORK—NEW CURE BEING TRIED.

By Associated Press.
New York, April 7.—Seventeen deaths from cerebro spinal meningitis were reported during Thursday in Greater New York, making the total for the week thus far 82. An average of 25 developing cases have been reported daily.

A new treatment is being tried at Bellevue hospital. It consists of drawing off the fluid from the spinal canal. This is being done every other day and greatly relieves the patient. By the use of ice bags they are then kept in good condition and with little pain.

"The only question is," said one of the staff at the hospital "whether we are getting all the discharge from the canal. We are not able to tell, because there is no X-ray strong enough to determine whether the fluid is clogged in the brain. It is believed that in the advanced cases it does clog up."

"This treatment reduces the temperature to almost normal, thus affording us an excellent opportunity for working. We have found no drugs which have any salutary effect upon the disease."

"It is interesting to note that the meningococci of the bacilli of spinal meningitis are so favorable to the germs of another disease that it is difficult to tell the two apart. The meningococci have the appearance of a coffee bean would have if it were split in the middle and opened out so that the two hemispheres would form a circle. We have found nothing yet with which to kill the germ."

At Bellevue is a six-year old lad taken there three weeks ago. An eminent surgeon who is studying the disease trepanned the boy's skull and drew off the fluid which caused the trouble. The patient is still living and shows an improvement.

In their investigation of the causes of the epidemic, members of the commission appointed by the board of health have turned their attention to animals. The close analogy of often innumerable distemper peculiar to dogs has suggested a new field of inquiry. Stray cats and dogs are now under suspicion.

TERRORIZED BY WILD MAN

CITIZENS OF CHICKASHA NATION, O. T., MUCH EXCITED BY HIS DEPREDACTIONS.

By Associated Press.
Worth, Texas, April 7.—A special to the Record from Lawton, O. T., says: A wild man, of hideous appearance, ragged garments, emaciated features and lacerated body, has for the past two weeks terrorized the citizens of the southern and southwestern portions of the Chickasha nation. On several occasions he has assaulted women and children and injured men in duels who sought to capture him and restrain him from further operations. He invariably makes his escape and shortly turns up in some other section of the country and renews his operations. Two deputy United States marshals and a posse of citizens recently came in touch with him in a heavy thicket but he made good his escape. All subsequent efforts at capture have been futile. No one knows his name nor where he hails from.

TEAMSTERS GO OUT ON STRIKE

TWO HUNDRED EMPLOYED BY CHICAGO MAIL ORDER HOUSE STRIKE IN SYMPATHY.

By Associated Press.
Chicago, April 7.—Two hundred teamsters employed by the mail-order firm of Montgomery Ward & Co., here struck to-day in sympathy with garment workers who have been in a struggle with employers for four months. In the belief of many labor leaders the strike is the beginning of a great contest that may involve 30,000 drivers. The move against Montgomery Ward & Co., is an opening wedge by which the teamsters hope to bring success to establish closed shops. There are twenty-eight employing clothing makers in the city, and it is the purpose to extend the teamsters' strike gradually until it includes all of the twenty-eight firms. Indications are that the strike will not stop even there, but will involve many other branches of the teaming industry.

STEAMER SUNK AT HER DOCK

S. P. LINER LOUISIANA PARTIALLY CAPSIZED SOON AFTER REACHING NEW ORLEANS YESTERDAY.

By Associated Press.
New Orleans, April 7.—The Southern Pacific steamship Louisiana, Captain Whitner, partially capsized towards the shore side then sank at the wharf to-day. The ship arrived to-day from Havana and was to have sailed to-morrow for the same port. It is expected the vessel can be raised. No lives were lost. The cause of the accident was not learned.

FIRE FOLLOWED STRIKERS ATTACK

CHICAGO FACTORY RAVAGED BY FIRE A FEW HOURS AFTER ASSAULT BY PICKETS.

By Associated Press.
Chicago, April 7.—Following by only a few hours a vicious attack by union pickets on two employees of the Art Bedstead Company, the plant of that concern at 37th place and Rockwell street has been ravaged by fire, causing a loss estimated at \$100,000. For four weeks a strike has been on at the plant, and non-union workmen frequently have been harassed by pickets.

The blaze started with a series of explosions in the shellac department. The first blast hurled the watchman, George Hardy, and Matthew Grinslak across a room adjoining the shellac department, painfully bruising both. A few hours before the fire started, a dozen men who had been watching the plant, attacked Peter and Probus Andrews, brothers, who are employed by the concern. Both men were knocked down, kicked and beaten, and were unconscious when the police arrived. The assailants escaped.

Big Increase in Capital.
Trenton, N. J., April 7.—The Standard Screw Company has formed a consolidation and filed a certificate in the office of the Secretary of State increasing its capital stock from \$1,500,000 to \$4,500,000. Albert W. Gifford is president and George Thrall secretary of the company.

BUILDING RECORDS BROKEN ALL OVER COUNTRY.

By Associated Press.
Chicago, April 7.—The Construction News-to-morrow will say: "It is doubtful if building has ever shown the activity that now prevails all over the country. During March, permits were taken out in twenty-eight of the principal cities of the country for construction of 12,505 buildings, involving a total cost of \$56,160,744, an increase of 68 per cent. over the corresponding month a year ago."

EGYPTIAN THEATRE DESTROYED BY FIRE.

By Associated Press.
New York, April 7.—The Khedival theatre has been burned, cables the Herald correspondent at Alexandria, Egypt. It is supposed the fire started shortly after the conclusion of a circus performance.

A number of horses succumbed to the flames. Loss estimated at \$30,000, with no insurance.

MADE IN ONE WEEK WITH BEAUTIOLA

BEAUTIOLA is the only harmless preparation that completely obliterates all traces of care, worry, illness, exposure and age. Ten to twenty years fall like a mantle from the face after one week's treatment. Not a wrinkle, line or blemish remains to tell the story after using Beautiola One week. Beautiola is endorsed by the Medical Fraternity and expert Dermatologists everywhere. It has made once beautiful but faded professional women as youthful at forty or fifty as they were at twenty, lengthening their career before the public at least 25 years. It never fails to permanently remove the worst cases of brown, liver spots, freckles, blackheads, scars, small-pox pittings, deep wrinkles and all disfiguring eruptions.
